

Time To Clean Your National Parks Parking Lot!

FIREMAN'S BRAND SPILLCLEAN® pH NEUTRAL SPILL CLEANUP DETERGENT

--**Solubilizes and emulsifies various organic spills** such as motor oil, gasoline, diesel fuel, transmission fluid, brake fluid, grease, and antifreeze. This means the spill/contaminant can be lifted and separated from city streets, highways, shop floors, or equipment for easy, clean removal. Just pour SPILLCLEAN® onto spill, broom or rub in place. Hose down according to Federal & Local EPA regulations.

--**pH 7 (Neutral)** SPILLCLEAN® is not harmful to skin if thoroughly rinsed off with water. Other surface washing agents may be very acidic or very basic making them an unacceptable irritant to the skin.

--**U.S. Dept. of Interior ranked SPILLCLEAN® top two Surface Washing Agents in America in 2021**

--**Satisfies the EPA requirements** contained in Title 40 of the CFR section 300.915 of the National Oil and Hazardous Substance Pollution Contingency Plan (NCP). SPILLCLEAN® may be authorized for use by Federal On-Scene Coordinators. See website: <https://www.epa.gov/emergency-response/spillclean>.

--**Costs 1/3 less** than similar products having far less credentials. Comes in **Red** or **Clear** color.
